

## PRESS RELEASE

Oss, 23 April 2009

### VOS LOGISTICS JOINS RESPONSIBLE CARE® PROGRAMME FOR CHEMICAL INDUSTRY

European logistics service provider Vos Logistics is to participate in the Responsible Care® programme for European chemical land transport. The programme seamlessly matches the company's sustainability policy. Through this programme the company commits itself to continuously improving its health, safety and environmental performance. Vos Logistics is a European leader in the transport of bulk chemicals for the petrochemical industry.

Responsible Care® is an initiative of the International Council of Chemical Associations (ICCA). The programme is directed at improving health, safety and environmental performance throughout the value chain. The European Chemical Transport Association (ECTA) and the European Chemical Industry Council (CEFIC) reached agreement at the end of 2008 to launch the Responsible Car initiative in the European chemical transport industry. The transport companies participating in the initiative are held to strict rules. In total, 19 European chemical transporters have signed the Responsible Care® Programme.
